Elder Scrolls Online: Tarnished Silver Legends welcomes players to The Elder Scrolls Online with a package of exclusive content for all ESO players. The package includes a special Tarnished Silver Legend's Pack which delivers four brand-new Legend of Arizuris mounts, the new Tarnished Silver Legend's Mount, Ferelden Textures, and taunting Tomes, as well as the new Tarnished Silver Legend's Armor Set. The Tarnished Silver Legend's Pack is available for immediate purchase on all ESO accounts. New ESO accounts are not required to purchase the package. The Tarnished Silver Legend's Mount, Ferelden Textures, and taunting Tomes can be purchased via the Cartel Market through ESO's in-game currency, Gold. While all players can purchase ESO's Gold via the Cartel Market, only players with the Tarnished Silver Legend's Pack can purchase mounts and textures for their mount via the Cartel Market. Players will be able to purchase taunting Tomes for their Tarnished Silver Legend's Mount only via the Cartel Market and not via the in-game item interface. ree game thats free to download even!its a game that should be played, but in the wrong way ive never played a free game where there are no communication options, so you gotta find and join friends online or create a party online that means its a browser game and as they say that dont let you play with someone online that you et, so if you want to play this game you have to go on google and search for a friend and invite that person to play the game with you. You can join parties on google then you can decide to play it solo or with a group, after you join a party you will get an invite code, that means you can play with your friends if they have the game an join the party, after a party member enters it will become your party and you will get a notification in your screen with a friend code, but there is no communication options or you will have to search for friend codes or invite that person to your party and after that you will be able to find them and chat and communicate with in the chat screen, but as i said before there are no communication options, so its hard to find friends and play the game with them and not spend hours finding and inviting them and hope they join your party. The graphics are nice, have to admint that because of the low resolution and the shading on the characters face is not that but the music is great, because its an RPG with a lot of musical parts, it makes that you play the game harder and harder and also that you go for higher difficulty levels, the music in the game comes from amazing bands and singers that this game has, that makes you play harder and harder and its epic music, but the voice acting eally good or were it should be, at least in the party members. My advice to you is to read the walkthrough of the game because you will find it really hard and even after downloading the game you will find that you will spend hours finding out where you have to go and what you need to complete a quest or a level, cause the game ly hard, but what im saying is that you can get all the help you want if you have the patience to play the game and read the walkthrough and that is how i first started to play the game. Now the game has two parts, you can play the main story which is basically the Elden Ring quest and you can play the DLC bff6bb2d33
