What is Angry Birds? Angry birds game was created by Rovio Software in 2009 for iPhone, iPod Touch and iPad platforms. The game is a wonderful mixture of lightning fast graphics and simply addicting gameplay. This fun game is a game of precision timing, quick reflexes and pinpoint aim. There are three different modes in which you can play the game and like all great game, there is a mode for every taste and age group. The game consists of three modes; on the - flock, pigs and bird. In this mode, you are given a small group of birds and a goal to perform various tasks such as steer the birds to a certain goal and avoid various obstacles or tackle a group of birds. And finally the most challenging mode; the pigs which consist of more fierce and massive birds. This mode tests your reaction time and aiming and precision skills; and you find yourself on a relentless quest to eliminate the pigs. This type of mode must have been designed by a bird brained maniac! Where Can You Play Angry Birds? There are many online portals that you can play the game on. Angry birds for PC will be sure to keep you entertained for hours on end. This action game is a lot of fun, and requires you to use your reflexes and problem-solving skills to unlock as many birds as you can while keeping a look out for evil green pigs. The game is really easy to learn, but you will need some patience to unlock all the birds. The controls are simple and you will be able to master them easily. The Angry birds are back with the 6th edition of this game and today I am going to show you how to download it for your pc. The playable maps and levels are more than ever before. However, there is a new difficulty level. This game has got more complex and allows you to explore and unlock the new levels. You need to start of with level one, one of my favorites. It is almost impossible to finish this level, so don't worry about a failure. There are 162 birds in the game, these new birds can be collected by paying gems and then used to solve puzzles. Your prize for getting all of them is the amount of free gems. I have played this game on Windows XP, Windows 7, Windows 8 and Windows 8.1. This game is compatible with PCs and laptops, iPhones and Android phones. You can download Angry birds game or games for free from here: Download and play Angry birds for free on your PC!. Angry Birds is a popular 2D bird-shooting video game developed by Rovio Entertainment. In November 2009, the company released the iPhone version of the game, and has since expanded it to iOS, Android, and Windows Phone. The multiplayer mode introduced with the casual version of the game in January 2010 gained popularity quickly, and has expanded to social networking sites like Facebook and Twitter. It also has a spin-off game, Happy Birds, featuring a cartoon cat and dog, which was launched on mobile phones in 2010.[1] Angry Birds was initially released for Android and IOS in December 2009. In the 3rd hour it was also added to the Windows Phone 7 Marketplace.[2] In December 2013, Rovio released Angry Birds Space, a game involving a spaceship to fly birds and shoot stars.[3] Angry Birds was the most downloaded mobile game in 2009, with over 80 million downloads.[4] Angry Birds has been one of the most popular apps on the App store and was the most downloaded app as of 0cc13bf012
